SKI CAMPS

VEYSONNAZ · WINTER 2027

Ski-in, no gondola needed

Our groups access the slopes directly from the meeting point: children put on their skis and are on the snow right away.

CAMP OVERVIEW

Our ski camps

- A week of skiing and laughter for children aged **4 to 13**, right at the foot of the Veysonnaz slopes!
- Supervised by passionate professionals, they progress at their own pace in a safe, fun and cheerful environment.

Ski-in, no gondola needed

- In Veysonnaz, the magic starts right on arrival: the meeting point gives direct access to the slopes, no gondola needed!
- Children put on their skis and hit the snow almost right away — no more waiting, just fun (and safety) from the very first minutes.

An organisation designed for families

- We pick you up wherever you are: Crissier (Kids Club) – Morges (Beausobre) – Lausanne (Vidy) – Lausanne (Station) – Épalinges (Aquatix) – La Conversion – Saint-Légier – Vevey (Funicular)
- Comfortable transport in recent 9-seater minibuses, fitted with child seats when needed
- Drop-off between 7:45am and 8:00am (depending on chosen meeting point)
- Return between 5:30pm and 6:00pm

Lessons taught by professionals

- Lessons are provided by the Veysonnaz Swiss Ski School, which assesses each child's level at the start of the week
- Two ski lessons a day to progress with confidence, supervised by qualified instructors
- On Friday, it's celebration time: final assessment and medal ceremony for everyone!

Kids Trip supervision

- Outside ski lessons, it's all about friends and fun: children are accompanied by the Kids Trip team, experienced, caring group leaders trained in paediatric first aid
- Dedicated WhatsApp group to share information and photos throughout the week
